Assessor Comments: A quiet line of 4-6yr old station mated Angus cows doing a good job on their calves at foot. These cows are only for sale as the vendor has recently sold off a bit of country and needs to reduce numbers, otherwise these cows would be retained to breed on with. The cows were purchased off A+ in 2019 as 2 - 4 year old cows & calves and have bred on every year since. They were very quiet cows to draft, weigh and mouth. NOTE - 1 cow has a slight long back toe. They have just come through a really wet winter / spring which has been hard on their feet. All cows are sound - no cows were lame at assessment. NOTE - 1 cow has small old pink eye scars in both eyes - please see photos - 10 cows have the smallest amount of white on their udder. 2 cows are still carrying their winter coats, yet to clean up. 2 cows have white birthmarks. There is 16 steers and 16 heifers in this mob - all marked. NOTE - the vendor has another run of cows and calves in this sale.
