Temperament

Yards	Crush	Paddock
Quiet: 6 head Slightly Stirry: 2 head	Quiet: 7 head Slightly Stirry: 1 head	Temperament not assessed in Paddock

All females were very quiet to handle through the yards and up the race. All led up and stood quietly, Very easy to let out in to the receival yard to take some photos & video. Just one female that was rushing around the yards a bit stressed out after being mouthed, once she was reunited with her calf she was fine again.

Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	Big long females that presented as predominantly Large framed. In store condition and putting everything in to their fresh young calves. Pure Scotts Angus Blood females bred from a renowned Riverina herd, with cracking young calves on the ground and running back with the Scotts Angus sires since calving. Young and healthy with only their 2nd calf at foot, as well as being well behaved & quiet to handle around the yards. These are easy, low maintenance females that come with a good genetic history & years of future production to offer. These females present multiple marketing options, as either units to retain, or take advantage of the current trade market with a joined cow to on sell and a decent 230kg calf to collect a nice rebate from. Buyers please Note. 2 Females presented with a splash of white on their flank, as well as 1 calf. 1 Cow presented with a minor eye blemish (old blue scarring) not deemed detrimental. Please see photos & video for full contentment.
