Temperament

Quiet: 6 head Slightly Stirry: 17 head	Quiet: 16 head Slightly Stirry: 7 head	Temperament not assessed in Paddock

Juvenile young females that have not had a lot of handling around the yards aside from the ordeal of their A.I program. Just wanting to move away from the handler, and an odd couple in the mob wanting to rush through the gateways. Led through the race very smoothly and most stood very still in the crush, and exited quite steadily. Just lacking a bit of calmness & understanding in some areas (respective of their age) Young cattle that will definitely improved with education & maturity.

Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	Very nice line of young pure Te Mania females to take on. Please take note of the age of these females, still very young and already showing fantastic fertility, (conceiving to the first round of A.I) and very good growth for age. These females carry with them a long and impressive history of Te Mania genetics, and have been A.I'd to Te Mania Quillan Q1280, who shows outstanding figures for Marbling, Calving ease, Milk & Heavy Grain. This is an ideal line of females for anyone wanting to introduce some very smart genetics in to their program. Or calve down & take advantage of the buoyant Heifer & calf market. Buyer Notes. 1 Heifer noted with a white splash on her flank. 1 Heifer with a scar in one eye - option to leave this heifer out - please see photo.
