Heifers were quiet in paddock, standing around the vehicle and not fazed while we were walking amoungst them. In the yards the heifers moved through with little fuss, including through the race and crush with ease.

Assessor Comments: A good opportunity to purchase a quiet line of 46 PTIC Angus heifers showing plenty of growth and freshness about them. Vendor has been on Merravale/Warreena bloodlines for some time. These heifers would be a handy addition to any herd whilst holding their own as a start up herd. There are 11 heifers with a touch of white on under belly/udder refer to photos/video. Note; vendor is offering 2 other lines of PTIC heifers in same sale.
