Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.		
Assessor Comments	A very good line of genuine 1st Cross Mixed Sex Store Lambs that were bred out Large Frame Stanthorpe bred ewes . There is a higher portion of ewe lambs (63%) in the draft that would be ideal for future breeders. They are lambs that are currently in store condition and would move ahead to the next level on improved pasture or crop. Please note that the lambs are currently running on the ewes and will be weaned on delivery. Also note that the lambs have had long curfew prior to assessment due to the ewe mothers that were yarded for shearing.
