Assessor Comments	Lead draft of weaned W/S X lambs that are well bred out of solid medium frame ewes by very good quality Glenfinnan W/S Sires. These lambs show attributes of quality breeding with good bone and length of body. Lambs show only very light fat cover and would respond well to less rank feed. Good lambs that have a very positive reputation of performance. Lambs weighed 29kg plus 1 hour off feed. Second draft also in this sale weighed 23-28.5kg. Note odd scur and small horn.
