Assessor Comments	A special line of Aussie White ewe lambs that are sired by the Highveld rams. Highveld were one of the three original Aussie white founders alongside Tattykeel and were sort out as an outcross to the tattykeel bloodline. These ewe lambs are very true to type showing excellent feet and muscular traits. As the weather warms up these ewes are quickly losing there wool and maturing into beautiful shedding breeders. Here presents a way into the exciting Aussie white industry or would make a great addition to any mob. Please note: 1 ewe with slight carmel ears
