Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.
Assessor Comments	Great line of crossbred lambs which have been bred out of large frame Merino Ewes and by high index Wunnamurra Poll Dorset Rams. These lambs have frame and are in forward condition. There is a total of 1680 lambs being offered today off Willurah. These are the top which are offered as 'a run out the gate' of 2 lots of 480 and 220. There are about 70 lambs through the total mob that are 3 weeks later shorn. Found an odd lamb with scabby mouth but it seems to be clearing up, rather than deteriorating, due to removal from a bush paddock. Please note: Vendor offering 1st February 2022 payment terms to approved purchasers.
