Assessor Comments	This draft of Poll Dorset suckers are real performance bred lambs having being sired by selected Derrynock Poll Dorset rams. These lambs have excelled for feeders/finishers year after year. Seeing these lambs through the draft you can't help but think there is enormous upside when shorn and fed, great heavy trade prospect. Lambs are well weaned (12 weeks) and have a good animal health history. 20% lambs with eye irritation or grass seeds the were treated at assessment. New paddock selected post assessment. Another lot of 400 in sale.
