Assessor Comments	All of the Moyle family adult ewes were joined to Primeline maternals for the specific purpose of breeding ewe lambs. Due to having a large cohort of young ewes, the entire drop of ewe lambs are able to be offered on AuctionsPlus in one sale (with a small tail removed). The Moyle's are offering a total of approx. 500 ewe lambs with 2 x 225 lines being offered as runs out the gate and a small line of younger lambs, as well as 210 wether lambs. These ewe lambs were bred out of Pure Primeline ewes purchased from Romani Pastoral Company in the 2017 Lambpro ewe sale. Sires purchased from the annual Lambpro auction and selected on fertility, growth, fat & EMD. All ewes on the property have been Gudair vaccinated since it's inception 4 years ago, and the foundation ewes vaccinated at Romani with 13 years of OJD vaccination history. These lambs have been imprint fed 12 times over 3 weeks. Ideal young ewes with plenty of genetics behind them, a true representation of the Primeline Maternals
