Assessor Comments	With shearers hard to find, this is a fantastic opportunity to buy a large line of composite wether lambs with the hard work done. These lambs represent the complete drop of the Chrome Composite lambs minus a 10% tail, all were individually weighed 30kg+ to average 39.1kg (30-54kg) for buyer confidence. These lambs come out of big robust ewes and will have the genetics to acheive heavy export or heavy trade weights. Please note; approx. 40% to be weaned at delivery, 60% have been weaned - media of both, unweaned lambs are noticeably fresher. Please note; vendor has another 2 lots in this sale for a total of 1,330 lambs being offered.
