Vendor Comments	Austral Park Merinos aims to breed ewes that are easy care, fertile, productive and do well in our southern climate of wet, cold winters and dry hot summers. They also aim to produce lambs that are fast growing, resilient and heavy wool cutters.		
Assessor Comments	An opportunity to purchase a line of Merino x Dohne wether lambs. Lambs are bred with the focus on being early maturing however still been excellent wool cutters. Lambs would be very suitable to continue on as wool cutters or would also have the ability to be fed on and would achieve trade to export weighted lambs in the future.
