Assessor Comments	A nicely presented draft of lightweight, vendor bred terminal & composite x lambs. Presenting in fresh, store to forward store condition, lambs are a late, September/October drop, and have had a recent drench & booster vaccination. The Sterling Pastoral operation sources top end Cashmore Oaklea genetics with particular focus on growth, meaning these lambs, if given the opportunity will finish to heavy trade or export weights. Dirty lambs will be crutched prior to delivery. An opportunity to purchase well bred, late drop lambs that can be taken all the way through to late autumn or winter markets (NOTE: vendor also offers 275 Cashmore Oaklea ewe lambs this sale).
