| Vendor Comments        | Offering of the August drop lambs. Selected rams ex Paradoo Prime for maternal influences as the operation is transiting to a full self replacing composite flock. These lambs will have influences of both Samm and Border Merino dams.                                                                                                                                                                                                                                       |                                                              |                   |
| Assessor Comments      | Lighter draft of the August drop composite x wether lambs. All individually weighed 22-31kg. Some lambs have been crutched and other dirty lambs will be tidied up prior to delivery. These lambs will perform once shorn and given good nutrition and will do a light export or domestic lamb carcasses. A total of 2200 lambs being offered from the Childerly Park properties "Childerly and Bundalong".
