Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.		
Assessor Comments	A really good opportunity to get hold of a very even line of good doing lambs. Roughly 23 of this line of lambs have been shorn. ideally they would have all been shorn but due to difficulties getting shearers they were not completed. The lambs weighed 35.1 to 44.9kg at assessment with a majority being score 2 with the odd score 1 lambs among them to average 41kg. Around 20% of these lambs would be a second cross out of a WS/Merino ewe back to the WS ram. the tops were drafted out on the same day and were 45-68kg in even numbers.
