	C (61-65cm)	100%	Very Good	80%	Light	90%	GAQ	100%
			Good	20%	Medium	10%		
Assessor Comments	A good line of Mo with lms ready to put out on stubbles or framey enough to put straight into a feedlot . Vendor purchased ewes ex Jamestown in Feb to help replace breeders after the bushfires and only selected large framed sheep to fit in with his programme. All lambs were weighed and a moderate tail taken out , there is also approx 5% of the lambs with light dermo & bleaching but it should not affect them growing out to big sheep.
