	Quiet: 100 head		Quiet: 110 head
	Slightly Stirry: 5 head		Slightly Stirry: 10 head
An exceptional mob to handle through the yards, walking away self controlled and calm through gates, minimal effort or push required to load the force, race or crush. Steers that were agitated when confined in the crush however stepped out the front calm and quietly. Overall it is very evident the time and effort that the Vendors have invested into educating these cattle was on display today in how content, quiet and easily managed through the yards the steers are.
