Assessor Comments

Buyers, here is a rare chance to purchase a good quality line of soft weaned EU Angus heifers that avg 246kg. These heifers present in strong store condition with plenty of compensation weight gain and frame. Heifers have great length of body with nice muscle but still remain feminine types. These heifers are only 8 to 11 months of age. They are bred out of Carabar blood Angus cows by Carabar Angus bulls. Heifers worked well through yards with odd heifer agitated in crush. These heifers are grass only eligible. Note 5 heifers had slight blue eye scarring but not detrimental. 4 heifers had white under line. 2 heifers had small needle lumps on neck. Heifers are getting sold run out the gate of 238HD. (6 decks)
