Assessor Comments	Buyers, here is a good line of quality soft weaned EU Angus cross heifers that avg 252kg. Heifers present in strong store condition with plenty of compensation weight gain. Heifers have great length of body with plenty of frame, softness and femininity. These heifers are bred out of Angus cross medium to large frame cows by Carabar Angus bulls. They worked well through yards with only odd heifer agitated in crush. These heifers are grass only eligible. Note 3 heifers had slight blue eye scarring but not detrimental. Heifers are sold in 2 lots run out the gate of 78 HD. (4 decks)
