Assessor Comments	A good line of Angus and Angus cross heifer yearlings 8-10 months of age and improving quickly on quality feed. There is 7 vendor bred heifers and 6 heifers selectively purchased ex Regional livestock markets as young vealers. 1 heifer has small amount of ringworm on head. These heifers are quiet and easy to handle, they have had all their animal health completed recently and are in perfect condition to power on and fatten into the strong trade or feedlot markets or retain as future breeders. Vendor will have another 5 lots of steers and heifers of similar weight in the same sale.
