Assessor Comments

A neat three deck consignment of Angus feeder steers right in the slot. In ideal feed on condition, showing excellent type, bone and shape. Purchased in March & April ex the CTLX Blue Ribbon & Classic Weaner Sales. Were June/July drop weaners principally by Bowen, Rennylea & Karoo Angus sires. Some of the standout pens of weaners at these renowned sales and have performed as such ever since. You will note two steers with a slight amount of white in video. These have been removed from lot - offering 72 straight Angus steers only. Treated with their first Bovillis MH + IBR shot so are ready for their second on arrival at the lot. Given the end of the year we have extended the delivery period until the 7th of January if you would like to stage for a delivery over the holiday period. Come with our highest recommendations - will not disappoint.
