| Assessor Comments  | <p>A tidy run of Angus heifers purchased predominately off A+ from renowned Upper Murray herds with a small percentage of them purchased from Barnawartha from highly regarded North Eastern Vic and Southern NSW breeders. These 58 Heifers have been offered by the vendor due to reaching the targeted weights of 400kg+ and are the lead draft of there cattle offered in 2021. They are 14-16 months of age, present in forward/store condition and have the frame and confirmation to perform for which ever market targeted. There is a percentage of them which carry a small touch of ringworm which are all clearing up along with a very small percentage with warts and the very odd one with old minor pink eye scarring. Cattle with plenty of growth and potential and given the right opportunities would not disappoint. Would most definitely suit any program.</p> |
