	Super quiet, young bucket reared calves. Never gave us any hassles, despite the very trying conditions of sideways rain throughout assessment. Young weaners that could be handled by a stockman of any experience.

Assessor Comments	Bright, healthy young cattle that have been bred & bucket raised on farm & never missed a beat. Vendor continuously aims to produce a medium-Large frame core breeders through the use of imported NZ semen. Meaning these weaners should only grow to be Medium-Large framed bullocks, respective of their breed, & spend more time finishing & less time growing, making them an ideal small dollar investment for someone who doesn't want to wait as long as it take to finish a typical Friesian. Please see photos & video for full contentment.
