Assessor Comments	A terrific line of one mark vendor bred Angus heifers, that were classed in to be kept in the herd as breeders, but due to a bull malfunction they come onto the market. These Heifers are sired by the best of the "Francs" and "Weeran" Angus bulls and present in forward store condition. Heifers have all been vet checked and are sound to breed if so desired. Medium to large framed heifers that will continue to grow and develop. An excellent example of classed in future breeders that can be taken home and joined to calve in the spring next year or could be put on feed and grown out. Heifers with tremendous growth and breeding, an Opportunity not to be missed.
