	Exceptionally quiet calves, a testament to the vendors cow herd temperament and bull selection. The calves moved through the yards very well, were easily drafted off their mothers and stood calmly on the scales. There was 1 calf that did rush in the race, noted as slightly stirry.		
Handled With	Dogs , Horses , On foot , Vehicles		
Assessor Comments	A tray load of very well bred Charolais steer calves, calves are sired by Huon Charolais bulls, with the cow herd been Huon, Kenmere and Rangan bloodlines. The vendors cattle are noted performance cattle, often purchased to grow into grass fed bullocks. Very quiet cattle, patient and respectful when been handled. Vendor has been breeding Charolais cattle for over 50 years using a closed herd of large frame cows that are ideal matrons. Please note the calves are still on their mothers - cattle been offered unweaned.
