These steers were very easy to handle in the yard & weigh through the crush - They all displayed a sound/quiet temperament in the yard at assessment

Handled With

Bikes , On foot , Vehicles

Assessor Comments

4 Friesian Yearling Steers - Autumn Drop 2020/Rising approximately 18 Months - Presenting strong store condition with large frame & good stretch/length - Bucket reared/Well handled with quiet temperament displayed in the yard at assessment - These steers are starting to mature/grow & should do up relatively quickly into large heavy export bullocks given continued feed/favourable seasonable conditions moving forward - The majority of the hard work has been done & these steers are quiet - All are presenting with small horns that have been tipped slightly but would be suitable to de-horn further if required - Purchase with confidence as these steers have age & wont take long to make very reasonable heavy weight manufacturing/export Friesian bullocks - NOTE Lot size/number may ideally suit a smaller hobby farm type operation - The vendor has 2 other lots listed in this sale also - The agent can arrange economical delivery P/H to NVLX or Wagga Saleyards upon buyer request
