Assessor Comments	200 July 2021 drop composite ewe lambs. All sired by Cashmore Oaklea rams and bred by Cashmore Oaklea ewes. They had their 2nd Glanvac 6-S in September along with a OJD vacc at lamb marking. They have been drenched twice since lamb marking. With an average of 38.5kg after an overnight curfew these ewes definitely have the potential to hit joining weights by early next year. All lambs were weighed between 38-44kg on the 20/11 straight out of the paddock. They are a mixture of singles, twins and triples, all lambs were boxed at weaning. A very neat line of ewe lambs that will grow into highly productive ewes.
