Assessor Comments	Lamb finishers, here is an opportunity to secure a line of young 2nd cross lambs. These lambs are August/September 2021 drop and are sired by Poll Dorset rams out of large framed Poll Dorset x Merino ewes. They have been shorn and were weaned the day prior to assessment. Lambs have only been running on natural grasses and show potential to jump away on lucerne or fodder crop. Ideal lambs to put away and grow out with plenty of time on their side. Noted approx. 5 lambs with old flystrike scars on the rump/tail, and a few lambs with shearing cuts still healing. Vendor also has the mothers of these lambs and 2x lots of SIL Merino ewes on offer in the National Sheep Sale.
