Assessor Comments	A great opportunity to purchase a vendor bred line of quality 1st cross ewes ,these young ewes averaged 54 kg at assessment and have there entire breeding lives ahead of them .These ewes have been bred from top end Codell Border Leicester Rams out of medium to large frame Pastora merino ewes. Due to such high rain fall in the area there are 5 to 6 ewes showing a little water stain across the shoulder. The ewes are fit and healthy in every way and are renowned for high lambing percentages .These 125 ewes are the tops out of 220 , the vendor has done a great job to present these ewes ready for the ram of your choice .you can buy these ewes with confidence they are well worth a look.
