Assessor Comments 88 x merino ewe lambs, All lambs are Gudair vaccinated, and shorn up ready to go forward. coming out of one of the wettest seasons on record they haven't had the chance to really perform, but given some sun they will go ahead fast. These lambs look rough at the moment due to water damage, but after shearing and some warm weather they will tidy up in the skin and grow into good breeders for the future. Priced to sell. Two lambs had soft feet due to the wet. One ewe had a grass seed in one eye.
