Health Declaration	A National Sheep Health Declaration will be provided at Delivery AT BUYER REQUEST
JD Approved Vaccinates	Sheep are not JD Approved Vaccinates.
Other Health Information	Vendor flock is 100% Telang (& Maroona) SA bred, with these ewes the only sheep acquired annually. Animal biosecurity & health is paramount in the McKenzie Properties operation.
Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.
Assessor Comments	Offering 1480 quality 2nd X Poll Dorset lambs over 3 lots. Impeccably bred & late drop, the McKenzie Properties lambs are bred for performance. Traditionally finished to top quality trade and heavy trade weights, the operation has made the decision to transition to a breeding operation with intention to offer these lambs annually going forward. 100% bred from principally large frame Telang/Maroona 1st X ewes & sired by the lead Shellal Poll Dorset rams these lambs have the breeding & capacity to take through to heavy export weights. Management is top rate, with performance recording a key in the operation & it must be noted that these lambs have gained 250gms/day since weaning. All lambs were individually weighed prior to assessment into tight weight bands, with expected delivery weight of this draft to be 44.5kg. Lambs can not come more highly recommended, and represents a terrific chance to acquire a large line of well bred, late drop, proven performance lambs.
