Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.		
Assessor Comments	Neat line of Mixed Sex Store Lambs that are in a forward store condition. These lambs are a tight weight range which would suit a feedlot job or to go back on stubbles. The lambs are showing a great stretchy frame and deep bone. Lambs will grow into export weight lambs. Suffolk lambs are younger lambs and have not been shorn, they have been kept away from any seed. Only selling due to stubble depth not there. All lambs have been weighed and the tail has been removed.
