Vendor Comments	Selling Annual draft of wth lambs		
Assessor Comments	Great Line of Merino store wether lambs that show excellent frame, stretch of body and deep bone. These lambs are proven wool cutters and will also grow in to export weight lambs. Vendor spares nothing when buying rams and runs a very tight operation. Vendor concentrates on selecting rams for 6 months wool cut, big deep bodies and eye muscle. With the rebate of wool and frame in these lambs they would suit any operation. Lambs are producing a nice white bright wool with a well defined crimp. The lambs at 6 months of shearing had an Avg length of 57mm and tested 18 micron with a 64% yield. All lambs have been weighed and the Tail has been removed.
