Assessor Comments	A very good quality line of vendor bred white dorper ewe lambs as dropped, good frame and growth, typical white dorper shedders. (at assessment 49 - 72kg to avg 56.2kg, 4hrs off feed). Depastured to Boonoon white Dorper rams on 27th Nov 2021. Rams will remain with ewes until delivery. Vendor commented good ram activity noticed. Odd ewe close to lambing. Very small % with long tails. These ewes are particularly well bred and would make ideal replacement ewes. They are doubled vaxxed and have had an obvious tail removed. Note other line of same ewes in this sale!
