Assessor Comments	The 1st Cross ewes are well grown long body, large framed March April '21 drop Lambs. They are out of classed Poll Boonooke ewes by Cardel Blood Rams. They haven't had a set back in their lives. Ewes are in forward store condition and are really growing well. The breeder of these ewes has had along time relationship with both Poll Boonooke & Cadell Studs. These ewes will grow into large frame prime lambs mothers if given the opportunity. At assessment these ewes had awright range of 38-64kg to avg 52kg. Top quality ewes with plenty of breeding behind them that you can buy with confidence.
