Assessor Comments	Offering 360 proven 5-6yo station mated dorper and white dorper ewes. Ewes have been joined from 14/09/21-25/10/21 to Kaya and Burrawang dorper rams @ 3%. these ewes are proven breeders consistently weaning 80-100% of lambs twice a year. Ewes weaned 105% 2 weeks ago and are looking very good. ***PLEASE NOTE*** A small percentage of the white ewes are displaying some caramel on their neck and bodies. Some ewes had longer toes which has not affected their movement. A small percentage of the ewes have some lumps and bumps typical of aged ewes. Approximately 5% of ewes in the consignment had red, yellow and purple tags but visibly looked the same age as the 5/6 yo ewes and could have an incorrect year tag.
