| Any Access To Rams<br>or Stags?                 | To vendor's best knowledge, this lot has had no access to rams or stags.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |            |         |
| Assessor Comments                               | These 199 1st BL/Mer X Ewes are a July/Aug 2020 drop. They were purchased last autumn as vendor bred lambs and are out Hazeldene Ewes By Blackgate BL Rams. They are Gudair vaccinated, Q Drenched and October shorn . Quality Medium frame ewes that are in great joining condition and are ready to be joined to the ram of your choice. Note these Ewes only a spring drop & have had a tough wet winter and are now on the do and will continue to grow. These ewes were jetted last week with Jetaway to keep the flies away, ideally ewes could do with a small crutch. Note vendor has 2 other lots of ewes in sale to make a Total of 652. |            |         |
