Assessor Comments	300 Station mated ewe lambs well grown and in great condition after having a fantastic season, These ewe lambs are excellent quality and out of very well bred White Dorper ewes. The Greenfields have been focusing on easy doing large frame, fertile sheep and this shows in these young ewes, with plenty of years ahead of them these ewes will make excellent breeders for many years. They were bred on the vendors northern property and brought down to their farm over time. Approx 2% have an odd brown or grey spot. Billa Kalina will offer another 65 white Dorper ewes and 26 station mated coloured ewes which will make 391.
