	Steers moved freely through yards and required blocking up on the odd occasion. A percentage of the steer became unsettled whilst being weighed but settle once back in mob. Cattle will want settling in to new environment before let out of yards.

Assessor Comments	Buyers on offer are 2 decks of VGQ predominately Speckle Park, Angus , Droughtmaster and Santa cross yearling steers. These steers show very good weight for age with plenty of bone and shape and have performed well for previous purchases and come highly recommended. These steers would be ideal to take through to heavy feeder weighs or feed to take through to kill weights with potential MSA grading's. Please note 2 steers with blight in one eye at time of assessment. This is your chance to secure 2 decks of vendor breed quality steers that are not to be missed. *please note vendor has another lot of steers in same sale.*
