Assessor Comments	Buyers on offer are 117 predominantly Brahman and Brahman composite cross milk tooth steers. These steers have had all the hard work done on them and will power ahead on feed for intending purchases. These steers would be ideal to take through to heavy feeder weighs or feed to take through to kill weights or could be taken through to heavier weights for the live export trade. This is your chance to secure 117 milk tooth steers that are not to be missed. *please note vendor has another lot of steers in same sale*.
