Assessor Comments	Buyers, on offer are 65 predominately Angus infused EU milk tooth steers that are suitable for the Woolworths trade or restockers looking to backround. These steers would also be ideal to take through to heavier feeder weights or to keep and take through to kill weights with potential MSA grading's. These steers show good weight for age, with plenty of length and depth and are showing plenty of softness. Buyers please note 3 head had blight at time of assessment, 3 steers with minor warts at assessment and 2 with fly rub. Steers are very tidy around the heads, *Please note vendor has another lot in same sale located at Jackson 80km from property to property to make up 4 decks.
