	Slightly Stirry: 8 head	Slightly Stirry: 10 head			Paddock	
	Heifers have been well handled and worked well on assessment. A percentage of the heifers do move a fraction quick through the yards and were slightly agitated while being weighed in the crush however settle back as a group quite well.					
Handled With	Bikes , Horses , On foot , Vehicles					
Assessor Comments	Gilliland livestock Marketing offers a terrific line of 35 Charolais cross breeder quality heifers. Presenting in forward store condition to average 316 kg on assessment, these heifers have a large frame and plenty of leg underneath them to continue to grow into large lengthy females. As can be seen in the photos and videos, they present as a very even line of heifers being both creamy and white in colour and also one grey heifers as well. Heifers are well grown for their age and are ready to be taken to the next level. Heifers worked well on assessment however it was noted they are a fraction forward moving but easily handled by an elder gentlemen. Once again a lovely line of heifers that would be suited to any backgrounding operation and would make an extremely nice line of heifers to join in a few months time. Buyers there is additional lots in the same sale from the same property.
