Assessor Comments	Quality line of Angus steer weaners 10/11 months. These steers are out of the Shore families autumn calving mob, showing great weight for age. Vendors using Crawford, Dunoon & Bongongo genetics focusing on 400/600 Day growth. These steers would power forward in a fresh paddock after just being weaned. The Shore steers are well sort after by feedlots, bullock finishers and are well known for their doing ability. Steers come highly recommended by agent. Please note steers
