Assessor Comments	Outstanding steers in every manner. Out of the well renowned & highly regarded Koojan Hills Blood Females. By select A.I Hicks composite sires. The Ournie station breeders are known for being one of the best Cow herds in the district. These are cattle with an excellent genetic history. Long bodied steers with very good depth & softness, with added hybrid vigour muscle from the Composite influence. Steers that present fresh, & in strong store condition. Prefect to carry in to a feed program or retain to export weights. Please note. 3 Steers presented with eye patches still stuck on. Eyes were checked and look fine, will be checked again at delivery. Please see photos & video for full contentment.
