| Assessor Comments  | An opportunity to secure a neat line of Angus & Angus cross light feeder steers. Steers were purchased last year in August from predominantly Riverina and some South West VIC Store Sales. Steers presented show good shape, bone and will excel for any producer looking to take these steers on through to heavier markets with another good year ahead. Since purchasing the steers, monthly weights are recorded and monitored with having these steers currently averaging 0.650 ADG. All health treatments are done on arrival of trade cattle as well as Bovilis MH + IBR. ****BUYERS NOTE**** 2 steers have treated pinkeye with patch on eye only one eye is effected on each steer. Odd steer has slight blemish from old pinkeye scarring. Consider not detrimental. |                                            |                 |
