Assessor Comments	A very good and even draft of vendor bred Angus steers off Minter LLC. Minter have focused extensively on improving the genetics and performance of their Angus herd and have done by consistently purchasing the top Angus bulls off "Table Top Angus" and basing their enterprise purely around their bloodlines. There is a very small percentage which are off Cows purchased from Tasmania which are pure Landfall blood. These steers are genuinely only 14-15 mths of age and are bred from predominately large framed females as proven in their weight for age. Steers are both Never Ever and PCAS Accredited. Note: There is the very odd steer with an old pink eye scar which is not of any concern and the odd one with a very small touch of warts. Cattle come with the agents highest recommendations.
