Assessor Comments	A very good and even draft of vendor bred Angus x Murray Grey Steers off Mintor LLC. Mintor have focused extensively on
-------------------	---

improving the genetics and performance of their herd and have done by consistently purchasing the top Angus bulls off "Table Top Angus" and basing their enterprise purely around their bloodlines. Mintor have a small however outstanding herd of ex Stud Murray Grey cows and these are the progeny from those females. These steers are genuinely only 15-16 mths of age and are bred from predominately large framed females as proven in their weight for age. Steers are both Never Ever and PCAS Accredited. Note: There is the very odd steer with an old pink eye scar which is not of any concern and the odd one with a very small touch of warts. Cattle come with the agents highest recommendations.
