Extensively handled from a young age and continue to be cell grazed up to delivery. Very quiet in and out of the yards. All led up the race very easily, stood on the scales and exited at a walk. Absolute credit to all whom have been involved in the development of these young females. Assessor Comments	Nice little line of coloured females to take on. Excellent temperament, and very easy to handle. These females haven't been spoilt and should be a dream to calve down, presenting in optimal calving condition and carrying nice little L.B.W Wagyu calves on board. These females look in excellent health, with a beautiful shine bouncing off their hide. Due for a drench, but have received their Pesitvirus & 7in1 vaccines. Ideal females to calve down and re-join to the bulls of your choice. Please see photos & video for full contentment.
