Assessor Comments	A lovely line of Pathfinder blood PTIC (to commence calving early July for 8 weeks) Baldy Heifers that are well bred, well grown and suited to the most astute purchaser. Normally retained and only for sale as the property has been sold. They are exceptionally bred from quality bulls, bought from the upper end of the Pathfinder catalogue for the last 16 yrs. These heifers are well grown for their age and will go on to be lovely functional Matrons for years to come. Some heifers have a few warts (refer to photo's about %15) and odd slightly cloudy eye which isn't detrimental.
