Assessor Comments	A lovely line of Pathfinder blood PTIC (to commence calving Mid July for 6 weeks) Young Baldy cows that are well bred, well grown and suited to the most astute purchaser. Normally retained and only for sale as the property has been sold. They are exceptionally bred from quality bulls, bought from the upper end of the Pathfinder catalogue for the last 16 yrs. These cows are lovely functional Matrons and will continue to breed well for years to come. These cows had there calves weaned at assessment and the 19 drop especially will grow on quickly now they have a reduced workload.
